

Edging "Small hearts"

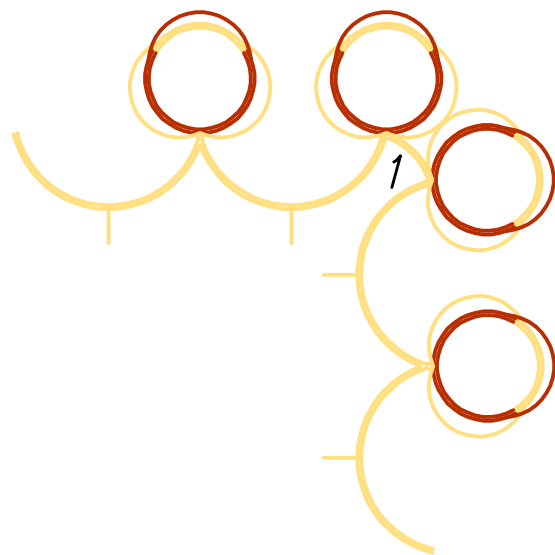

①

②

③

Abbreviations and colours:

sh1 – shuttle 1 – *sandy lines*
 sh2 – shuttle 2 – *deep red lines*
 double lines – knots
 single lines – picots
 MR – Maltese ring

Notes:

② Begin to tat MR with sh2. Wrap sh1 thread round the core thread of the ring using direct stitch order wrapping or tat like ordinary chain (in my instructions for MR it is the 2nd variant). Before tating the next chain it is important to pass sh1 thread **IN FRONT** of the tatted MR to make MR symmetrical.
