

Sparkly Superbowl 2000 Snowflake

This pattern is derived from Georgia Seitz' [original pattern](#). I worked the example in #20 thread.

Abbreviations:

- b = a picot with a seed bead held on with a safety pin
- B = a bead on the shuttle thread
- g = a picot with a bugle bead held on with a safety pin
- RW = reverse work
- vsp = very small picot, used later for a join

Shuttle setup:

String 36 seed beads, 1 bugle bead, 5 seed beads on SH1

String 1 seed bead on SH2

Join shuttles or use CTM

Note:

All work is done with SH1, with SH2 providing the stitch thread for chains. Do not swap shuttles when switching between chains & rings.

Round 1:

First ring: R 5 b 5 g 3 g 5 b 5, close ring.

Next 4 rings:

Slide a seed bead down from SH1.

R: 5 +(last seed bead picot on previous ring) 5 g 3 g 5 b 5, close ring

Final ring:

Slide a seed bead down from SH1.

SR:

SH1: 5 +(last seed bead picot on previous ring) 5 /

SH2:

Slide a seed bead down from SH2.

5 +(first seed bead picot on first ring) 3 g 3

close ring.

Climb out by sliding down the bugle bead on SH1. Note that the SH2 thread is visible outside the bead. You can hide this thread by paying close attention to rotation of the top motif prior to making the first join to a Round 1 bugle bead.

Round 2:

First motif:

R (1 shuttle bead): 4 g 4 B 4 g 4, close ring, RW

Ch: 2 vsp 4 RW

R (3 shuttle beads):

1 +(last seed bead picot bead on previous ring) 3 B 4 B 4 B 3 b 1, close ring, RW

Ch: 4 +(to vsp) 2, RW
