

**Frances Burgess' interpretation of
Yvonne Reypa's Bookmark with tatted celtic knots.**

France was not satisfied with her results when she originally tried this bookmark pattern. This pattern is the Green Knots bookmark which was one of the Online Tatting Class lessons a year ago. With further study she located some aids online that were a great help.

Frances suggests that we first study this video by Karen Cabrera on tatting a celtic Y ring.

Also note the use of the narrow celtic style tatting shuttle.

And, Maria Alcantera's photographs of the weaving of the threads as posted on the Online Tatting Class homework website.
