For 2 Shuttles

Materials:

Black Thread # 20

Green Thread #60

2 green bicone bead, crystal 4 mm

1 Palmetto shuttle * look part II

2 Earrings hooks

4 Dark bugles beads 2 mm

4 Very small green beads

Abbreviations:

R = Ring

Ch = Chain

DS = Double stitch

SCMR = Self Close Mock Ring

Part I - main piece

R1: 10 ds, dark bugles bead 2 mm, on the picot 10 ds, close

Long Picot for the bicone bead, crystal 4 mm & a paper clip

Ch: 2 ds

R2: 10 ds,- put a green bead in the work thread for the picot & a dark bugle in the core thread,
10ds, close

Ch: 2 ds

R3: 10 ds, dark bugles, on the picot 10 ds, close + central bead picot

Ch: 2 ds

R4: SCMR 10 ds, put a green bead in the work thread, make a floating ring 8 ds, close.

Put the work thread through the green bead, and continue with 10 ds and close the SCMR

Ch: 2 ds.

Part II - „Green infinite trimmings”

For this part you need a palmetto shuttle.

I cut an old credit card to make a mini shuttle (45mm long to 0.5mm wide)

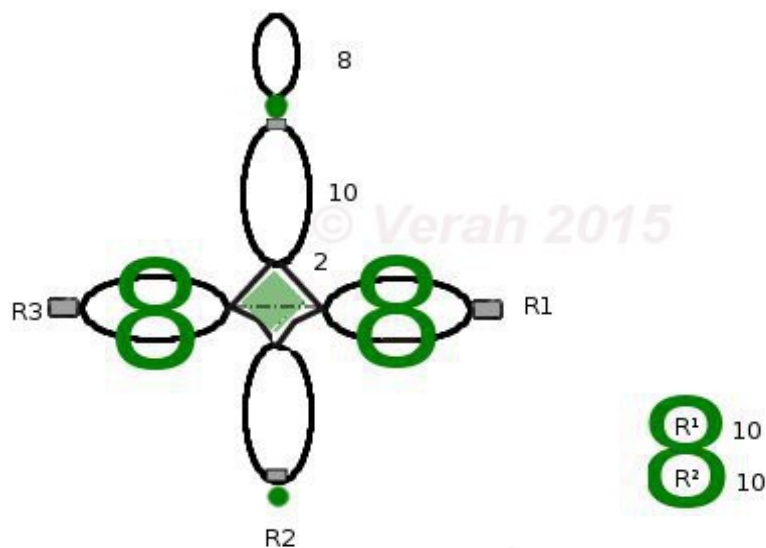

At first you make a normal ring around the right main ring (black ring)

R¹ 10 ds, close, rw,

than bring the shuttle through the right main ring around the other side from the main ring

R² 10 ds, close.

Make the same at the other side.

You may make this pattern and sell your work but the pattern is mine and you should refer people to me - verah18@yahoo.de - for copies of the pattern. You may not sell or reproduce the pattern.
